Father and Sons, Mother and Daughter, and Girl Chums Will Be Laid Away Together-Two Kunlo Children Lie Dead at Morgue While Father, Mother, and Son Are in Hospitals-Prof. King's Funeral.

New Year's Day will be a sad one in nany of Washington's homes, and still more to-morrow, for nearly all the funerals of the victims of the wreck at Terra Cotta Sunday night will be held to-day and to-morrow. Never in the history of Washington have there been so many funerals planned for two days, and ever have there been so many double and triple services necessary.

Hearses will be busy all day to-day and o-morrow carrying their burdens to the many cemeteries, and the particularly sad feature is that many of the bodies were All But Two Victims of so badly mangled that the relatives will have them interred without taking a last look at their faces, so the remembrance of their appearance during life will be the impression retained.

Father and sons, mother and daughter, girl churus, and in the case of the evangeist from Newark, Ohio, Dr. Dailey, an entire family will be laid away, some of them in the same grave, and the others in plots of ground adjoining. Services for practically all the dead of Sunday night's ragedy will be held in Washington, alhough in many cases the interment will take place in other cities.

In a humber of cases funeral arrangements cannot be made until other bodies have been identified, and some of the ituations in which families find themselves widely separated, some in hospitals, with others dead, are heartrending.

Determined that responsibility for the frightful railroad disaster at Terra Cotta Sunday night shall be fixed and the guilty brought to account, the District authorities yesterday began a rigid investigation

into the cause of the catastrophe. The Commissioners, police officials, roner, and District attorney's office NORMAN ROGERS, age 35; residence, busied themselves from morning until late at night gathering evidence to be produced at the coroner's inquest to-morrow morning at 19 o'clock. Coroner Nevitt will impanel a jury this

morning and conduct them to the scene

of the wreck at Terra Cotta. The jury-

men will go over the ground carefully and impress themselves with the topography of the locality and investigate the cause of the wreck from every possible angle. The coroner will also have an expert on the scene to examine the signaling system at the Takoma block station. The coroner was at the morgue all the forenoon directing the work and making MRS. MARY E. BARNES, age 35; 724 preparations for the official inquiry which ifth street northeast; died at Terra Cot- will be conducted before a coroner's jury Wednesday. About 11:30 o'clock yesterday he accompanied the jury to the dead room

The jurors are Messrs, C. W. Weaver, Oscar Ricketts, John Beall, sr., George

Two Men Face Blame, From the mass of testimony already tockholm street, South Baltimore. Uniblame will fall upon the shoulders of one of two men-Harry B. Hildebrand, engi-MRS. JOHN WRIGHT, colored; wife of neer of the "empty" that created the havoc, or Milton W. Phillips, operator at MAGDALINE WRIGHT, age 8; daugh- the Takoma block signal station. Every effort is being made by the local authori-MRS OLIVER L. DAILEY, wife of Dr. O. L. Dailey, Newark, Ohio.

THELMA DAILEY, ager 3; daughter of danger signals set in accordance with his duty and Hildebrand passed by the block, Phillips neglected to show the signals, which would exonerate Hildebrand. Phillips was released yesterday on \$10,000 bond, but Hildebrand is still in a cell at the Tenth precinct station

> is thought certain by the officials of the District. The weather conditions, while regarded as possibly responsible for Hildebrand not seeing the rear lights of the passenger train in time to avoid the collision, cannot excuse, in the eyes of the authorities, the blunder regarding the signal lights at the Takoma station. West Censures Railroad.

That some one made a terrible blunder

Commissioner West is particularly outix years old, wearing red waist, tan er severely censures the Baltimore and six years on, wearing ica wais, the jacket, and dark green skirt. Apparently Onio Railroad authorities for the man-of German descent; handsome features, ner in which they conducted the removal of the dead from the scene of the wreck. He said yesterday that there was an unaccountable delay in sending a train to convey the dead to Washington. According to the Commissioner, the railroad officials sent out wrecking trains to clear the debris from the track and dispatched

over the repaired roadbed ahead of the morgue train. "The terrible wreck at Terra Cotta," ald Commissioner West, "is all the more terrible because it ought never to have occurred. The value of the block system leg; Mrs. Proctor is badly shaken up, is completely neutralized when the rail and suffered several severe contusions of in upon a block already occupied. From what I learned at the scene of the wreck, right forearm, contusion of eye, abrasions Silver Spring block station what is known among railroad men as the 'double green,' which meant that the engineer was to Mrs. Don M. Carr-Both bones in right proceed with caution. I cannot under-stand why, with the knowledge that there was not brought to a stop at Takoma

No Necessity for Speed. "It was all the more necessary to exercise this precaution in view of the fact that the night was extremely foggy, a condition which always adds to the dan-Henry Krebs-Punctured wound of leg; ger of railroading. The second section her husband and children, but is in igno- lacerated head and face; condition not consisted merely of empty coaches, so that there was no immediate necessity

of hurrying into Washington. "Another thing which impressed me vey the dead to the city, where the bodies could be placed in the morgue and identified by their relatives and friends. injured were taken into the city as quickly as possible, but after that railroad sent out two or three wrecking from Baltimore, and it seemed far more important to care for a few damaged ceaches than for the dead lying on the hillside in the rain.

"A through express to the West was then given the right of way, and it was T. C. Homiller-Scalp wound; badly finally near midnight before the dead were carried into the city, nearly five Mrs. Raymond Cooley-Fractured arm; hours after the accident occurred. hope that the investigation will be rigid Mrs. C. L. Moore-Contusions; badly and thorough, because it is evident that a system which allows two trains

Both Commissioners Macfarland and alp wound; condition very se lous. West were early on the scene of the catastrophe. Commissioner West spent four hours at the wreck, arriving shortly ifter the accident and not leaving until the bodies of the dead had been placed aboard the train for conveyance into the city. Mr. West was accompanied by H. hadwick Hunter, one of the er's neighbors, who placed his automobile at the disposal of Mr. West. Commissioner Macfarland, as soon as he heard of the wreck, communicated with the police and fire departments and the hospital
